

Denis Private Island is a coral tropical hideaway of 375 acres perched on the northern edge of the Seychelles lagoon, a tiny island jewel swathed by vegetation, pristine beaches and surrounded by crystal clear waters. This stunning retreat offers an authentic experience of a private island with a distinctive character and boasts only 25 cottages. You can be sure to leave the outside world behind on this tranquil island where simplicity, comfort and pleasure coexist equally – no keys, no phones – no worries!

To safeguard this retreat's striking natural surroundings while still offering the finest hospitality with a unique Seychellois flair, Denis has embarked on a journey to epitomize a remarkable sustainable tourism investment. This underlines the island's philosophy and the importance that is placed on nature's realm.

On the island, 'Hyper local' products are favoured. The estate operates its own farm, rearing poultry for meat and eggs and cattle for milk. These along with fruits and vegetables and aromatic herb gardens are destined for the hotel's kitchen. The restaurant is said to be one of the best Seychelles has to offer.

The island works towards manageable levels of sustainability with the hotel's room furniture being crafted from the islands fallen timber, to the water collected from underground water wells and rain catchment reservoirs. The island's own coconut oil, sand and citronella is utilized in the hotel's wellness treatments and massages and there is so much more.

Denis Private Island are the proud recipients of the World Luxury Hotel awards for both 2014 & 2015 and currently nominated for 2016 once again. Additionally, the hotel has been inducted in the Hall of Fame by Trip Advisor for outstanding reviews for the last 5 years.

With the sustainability and conservation of Denis Private Island being the vision of its proprietors for guests to experience; this jewel of the island is sure to remain for future generations to appreciate and enjoy.

We believe that the beauty of such a rare place needs to be shared. We thank you in advance for sharing your experience on Denis Private Island through your coverage. Our website has images and content available for your download. Please let us know if you require any further information.
