

DIVING on Denis Private Island

The protected underwater life around Denis Island allows it the privilege of being ranked as one of the most interesting areas for diving in the Seychelles. Affiliated to Denis Island, is a professional Dive Centre that provides dive excursions and courses for beginners and advanced divers alike. All dive sites are of coral in nature and are on a gradual drop off. On most of the reefs you will come across turtles, white tip sharks, different species of reef sharks, rays, sailfish, tuna and dolphins and others. From September to mid November whale sharks and manta rays can be a fantastic attraction.

Kids can have fun diving too!

PADI BUBBLES

This is a good way for children to experience scuba diving in the pool in less than six feet of water.

PADI SEAL TEAM

is for young divers who are looking for action-packed fun in a pool by doing exciting scuba Aqua Missions. Divers are introduced to underwater photography, navigation, environmental awareness and much more.
